Welcome to The Meadow — a beautifully crafted 3,100-square-foot two-story residence designed to offer high-end comfort and functional layout flexibility.

The Main Level (1,500 S.F.): Step into a welcoming entry foyer that opens to a formal living room and adjacent dining area. Towards the rear of the home, an open-concept layout unites the 17'0" x 17'8" family room, bright dinette, and functional kitchen with direct views to the backyard. A private 11'2" x 14'0" study tucked in the corner provides an ideal remote-work setting, while a powder room and a full main-level laundry room leading from the 3-car garage deliver everyday convenience.

The Upper Level (1,600 S.F.): The second floor centers around a dramatic open overlook to the main level below. The luxurious Primary Suite features a massive 16'2" x 17'0" bedroom with architectural tray ceiling detail and an ensuite spa bath equipped with dual sinks, a deep soaking tub, a private water closet, and a massive walk-in wardrobe. Three additional well-appointed bedrooms share a dual-sink bathroom, while an optional bonus room over the garage provides space for a game room, gym, or media center.
